

CAIRE Service School

2017 Registration Forms

Concentrator Service School

CAIRE Inc. offers a technical training seminar on the array of oxygen concentrators in the CAIRE Family, including the AirSep FreeStyle portable oxygen concentrator, SeQual Eclipse transportable oxygen concentrator, VisionAire stationary oxygen concentrator, and NewLife stationary oxygen concentrators. The information presented in this three-day seminar is designed to make technicians comfortable with how the stationary and portable oxygen concentrators work, how to identify and resolve equipment problems, and how to keep your equipment in top operating condition. Certificates of attendance will be presented at the conclusion of the seminar.

Liquid Oxygen Service School

CAIRE Inc. offers a technical training seminar on the array of liquid oxygen systems in the CAIRE Family, including HELIOS, Spirit Family, Liberator, and Companion units. The information presented in this two-day seminar is designed to make technicians comfortable with how the liquid oxygen system works, how to identify and resolve equipment problems, and how to keep your liquid oxygen equipment in top operating condition. Certificates of attendance will be presented at the conclusion of the seminar.

Registration

Please complete the following registration form and return to CAIRE Technical Service for processing. You will be notified if the training you selected is full. Class size is limited and registration is on a first come, first served basis. Please do not finalize travel arrangements until your enrollment is confirmed. All registrations must be received at least three weeks prior to the start of the training to guarantee admittance.

Note: A seminar may be cancelled due to insufficient enrollment.
